October 2, 2008

Dear Property Owner or Resident,

You are invited to attend a presentation about “green” stormwater solutions for your neighborhood on Thursday, October 16, 2008 at 6:30 p.m. at Willow Elementary School (corner of Willow St. and MLK Jr. Blvd.). Your neighborhood association president previewed this presentation and agrees that it is worthy of your time and consideration.

As a property owner or resident in a neighborhood scheduled for Combined Sewer Overflow (CSO) separation, you have a unique opportunity to ask the City to include “green” stormwater treatment during construction. CSO separation is scheduled to begin in your area in 2009, but there is still time to include green stormwater solutions if neighborhoods act quickly. Please see the enclosed flyer for more information.

If you are interested in green stormwater solutions or have questions, please contact your neighborhood representative:

Dayle Benjamin, 517.372.1455, daylebenjamin@aol.com
Kenetha Gibson, 517.267.0453, drag_on_lady2002@yahoo.com
Kathy Rogers, 517.827.0800, rogers.kathy@comcast.net

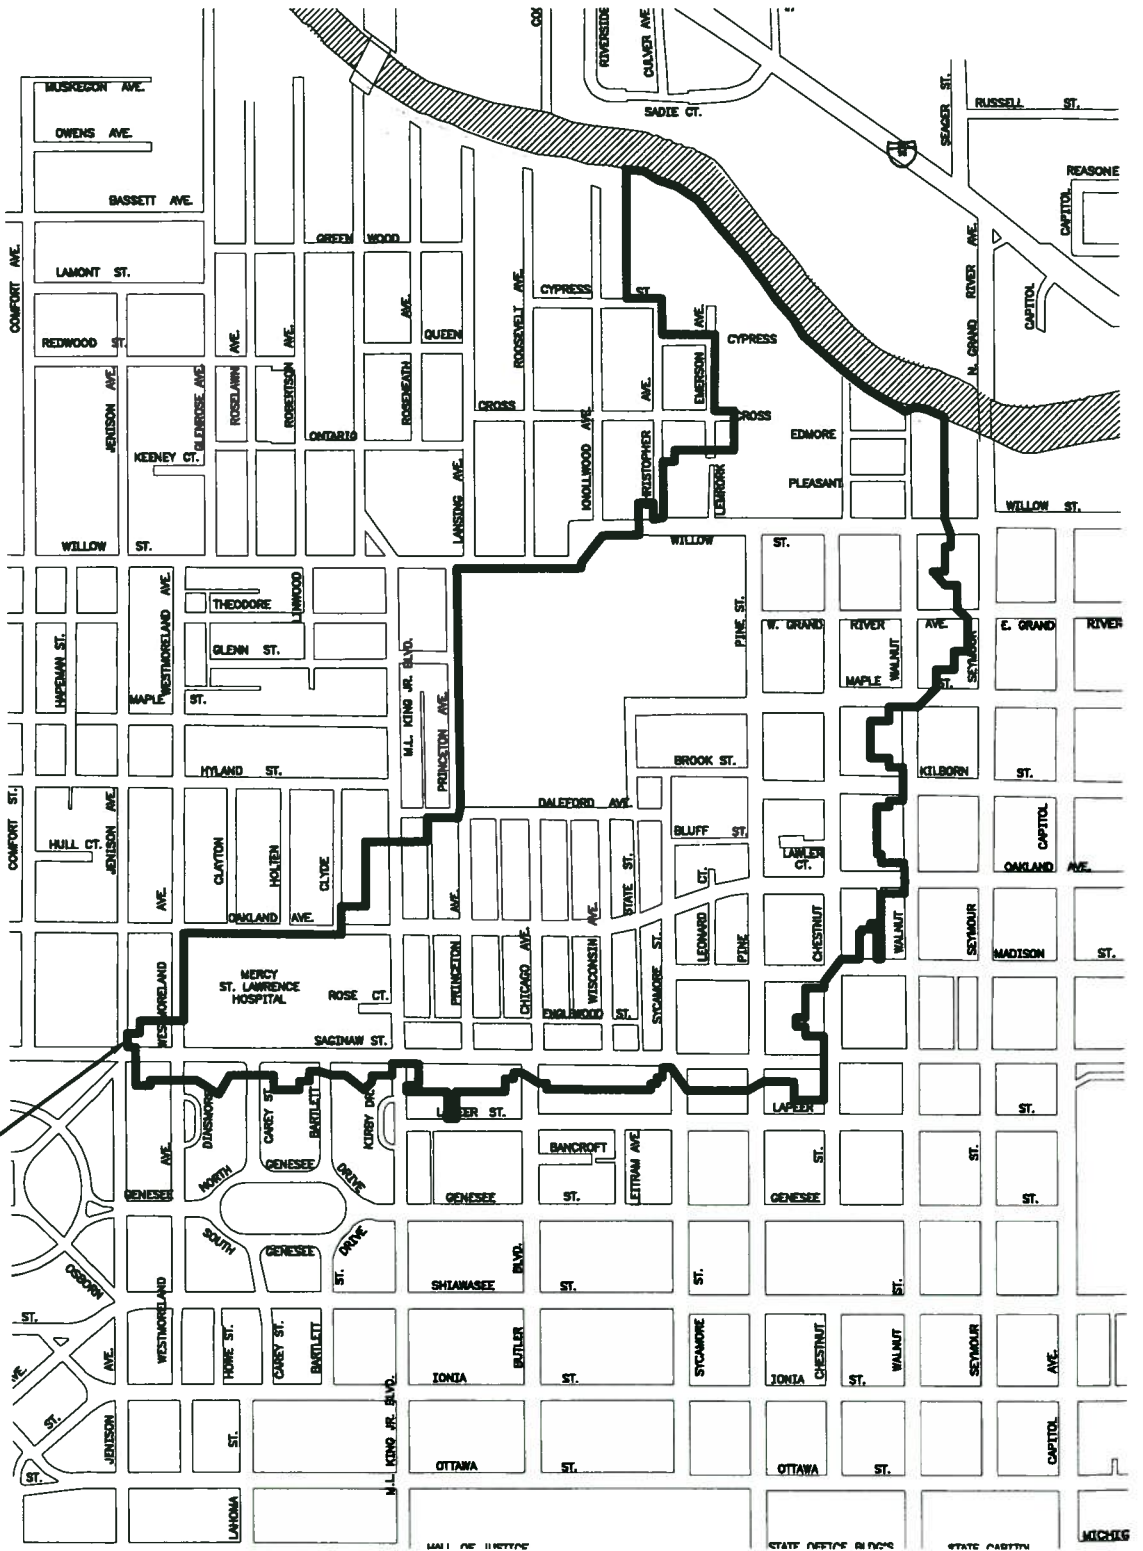

We hope to see you at the presentation and welcome any questions you might have.

Sincerely,

Chad Gamble, P.E.
Director of Public Service

Virg Bernero, Mayor
